A look at the Community, including upcoming events, important notices, meetings, and more.

The MAL recently honored Roy Lupinacci by naming the LaTrenta football field after him and as of a few weeks ago, the signage is officially up! Roy lived in Montvale from 1964-1990. He was very involved with the town (as school teacher/coach, etc.) and the MAL (from 1970-1983 as football coach, commissioner, etc.). We are very appreciative for all that Roy did for the MAL and Montvale. His years of dedication mean more to us than words can ever express! Thank you!

The Mayor's Corner

Fall is in the air and many activities are underway. At Borough Hall preparation for the budget among the departments has begun. The staff and volunteers are actively involved in these operations, and the Council Members spend as much time as they can in guiding their respective departments through the processes. I am involved and plan on attending every budget meeting to ensure that our costs are down and expenses are reasonable. I am looking forward to working with the different budgets and will be asking on your behalf all the difficult questions, as I always do.

Our 125th Anniversary activities and events were all successful this year, and that's all because of the hard work our staff and volunteers did throughout the year. I want to especially thank our Historian and longtime resident, Mrs. Maria Pratt Hopper for organizing and publishing our history in a book that in my opinion, though slightly biased, should be a best seller. The book has Montvale's history in a documented style with pictures and commentaries.

I am also proud to share with you that Montvale received the Commerce Industry Association of New Jersey's Best Practice Award, for our ability to attract new businesses and allow current businesses to expand in Montvale. The Chamber of Commerce and the Montvale Economic Development Committee have been working diligently over the past years to ensure that our corporate tax base continues to grow and prosper in our town.

Hope you enjoy the upcoming holidays and time with family and friends, and as always, I am available to assist where I can, so please don't hesitate to contact me at any time.

Montvale Police Department

October 2, was National Coffee with a Cop Day, and the Montvale Police Department participated in the event for the first time. I must thank the Montvale Starbucks manager and staff at 12 Farm View for hosting our event, and providing coffee and pastries. Thanks also to Lt. Alisha Foley for organizing the event on short notice. Ten Officers from the Police Department were on hand to speak with patrons about various topics. Mayor Ghassali also stopped by and spent some time with us. We all had a great time, and are looking forward to doing this again in the future.

Borough of Montvale Plastic Bag Recycling Program - FAQ

Q1. Can I leave stickers on the plastic Bags?

A1. No, Labels, Tape, and Adhesive strips SHOULD BE REMOVED prior to putting it in the recycle bin. The plastic integrity is not important, only Clean and Dry.

Q2. If I'm not sure if a certain plastic can go into the Drop-off bin, can I try to recycle it there anyways?

A2. NO: when in doubt, leave it out! Some plastic bags, wraps, and films have invisible "ingredients" in them to make the plastic perform a certain way. So, if it does not clearly meet the plastic description provided, throw it in the garbage.

Q3. I have a package that has the #2 or #4 on it and a message or icon suggesting its recyclable curbside. Can I put it in my curbside recycling bin?

A3. NO! Almost all community recycling programs in the US treat plastic films as contaminants and are ultimately landfilled.

Q4. Do I need to do anything to plastic bags/wraps before I drop them into the bins?

A4. Ensure all plastic bags, wraps and films are clean & dry before dropping them in the bin. That just means no crumbs, no food residue, and no liquid inside them.

Q5. Do I need to go to the level of rinsing out each and every bag, and air drying them?

A5. No.

Q6. Will a single bread crumb destroy the whole batch of recycled material?

A6. No. But recyclers do NOT want your leftover tortillas still in the bag.

Q7. What type of plastic bags and wrap do you accept?

A7. Acceptable plastic bags include high-density polyethylene (HDPE or #2 plastic), and low-density polyethylene (#4 plastic or LDPE). It's great if your bags have markings on them, but since most do not here is a simple test. We do NOT accept plastic bags and wraps that loudly crinkle when you crush them and the plastic MUST STRETCH when you pull it firmly.

Q8. I went to one of the Montvale drop locations and the bin was full, who do I notify and what do I do?

A8. We have placed large clear liner bags in the bottom of all bins so if possible you would help by emptying the bin into the liner and placing a new clear plastic liner in the bin. Leave the full liner next to the bin for us to pick up. Please call the Borough at 201-391-5700 and let us know where the bin is located so we can take care of it.

From the Property Maintenance Dept.- Fall Leaves

As I was driving into work last week, I noticed a somewhat subtle change occurring. It seems there were some very early signs of leaves changing color which can only mean that we are transitioning into the fall season. While it may be your favorite season because of cooler temperatures and beautiful colors, it also has its problems such as what to do with all those leaves.

As a reminder to all residents, all leaves must be in compostable paper bags. Curbside leaf collection begins in mid-October and runs through December 31, 2019. Branches and twigs will NOT be picked up at this time.

Secondly, please be aware that leaves cannot be piled in the street as they eventually make their way into the storm drains and require a lot of time and money to clean out. Also, leaves piled in the street and subsequently snowed upon make it extremely difficult to clear the streets safely. If you use a landscape contractor to clean your yard, kindly make them aware of these requirements so as to minimize the risk of fines for non-compliance.

If we all can follow these simple rules, it will certainly make it easier to keep the town looking great as we enjoy the change of season.

Fire Prevention Bureau News

Fire Prevention month was observed during the month of October and it was the perfect time to educate residents of all ages on fire safety. John Kurz, Fire Prevention Marshall was invited by the children librarian, Giulia Bombace to read a story about fire prevention during a special story hour. The Fire Marshall reminded the children to never play with lighters or matches and to keep away from open flames and hot surfaces. The children were happy to pose for a picture to show off their new fire hats.

It's that time of year again! Change Your Clock, Change Your Batteries™! Daylight saving time ends on November 3.

Every November, the Montvale Fire Department & the Fire Prevention Bureau like to remind residents of the simple, life-saving habit of changing and testing the batteries in smoke alarms and carbon monoxide detectors when setting the clocks back for daylight saving time. The National Fire Protection Association reports that 71% of smoke alarms which failed to operate had missing, disconnected or dead batteries. The National Fire Protection Association also suggests replacing smoke detectors and smoke alarms every 10 years. Don't rely on outdated or worn-out devices to protect your family. Remember to replace the batteries in your emergency flashlights too.
