Election Info

Please be advised that Tuesday, October 17, 2023 is the deadline for all new voter registrations for the General Election, November 7, 2023.

As a result of having new digital voting machines, it is beneficial to have all districts in one location, therefore district 4 will be moved from Borough Hall to the Senior Community Center starting with the upcoming general election on November 7th, 2023.

All districts will now vote at the Senior Community Center.

The Mayor's Corner

October is going to be another busy month with local meetings, hearings in Chestnut Ridge, and the beginning preparation for the budget season. We finished the resurfacing of the pickleball court and the bocce courts. I hope you find the time to play and enjoy the outdoors while you can.

The Mayor's Wellness Campaign has been a huge success with nine gyms and health facilities taking part in it, and more than 100 residents joining me. The Saturday walks will continue through November. Join us on Saturdays at 9AM; we start by the entrance of Borough Hall.

I would like to bring to your attention a warehouse project that is being proposed in the Village of Chestnut Ridge, NY, directly on the border of Montvale, north of Spring Valley Road and immediately adjacent to the Alexa townhouses in Montvale. It entails the construction of a 210,605 sq. foot warehouse with 14,000 sq. feet of office-mezzanine space, 25 loading bays as well as associated car parking, and trailer parking. The site consists of 6 tax parcels which includes approximately 16 acres of land.

I have been in direct contact with the mayor of Chestnut Ridge Village and I

will be testifying during their planning board meeting on October 12 in opposition to this plan. Based on traffic and narrow roadways constraints, this warehouse operation would have a negative impact not only on New Jersey residential units but also on the New York's upcoming residential units directly across from the proposed warehouse structure. The developer has been arguing that the truck traffic will operate northbound toward the Thruway and that trucks will not travel southbound on Spring Valley Road (a county road). I will continue to update you as the hearings progress.

There are a number of new businesses in town that will open before the end of the year, and that to me is extremely motivating, knowing that these businesses choose our town over so many others in the region.

Please stay safe and as always, don't hesitate to contact me if you think I can be of assistance.

Mayor Mike Ghassali

Montvale Police Department

Our Junior Police Academy started on September 19. The program is one night each week for a total of 10 weeks, and will allow 7th and 8th grade students to experience what it is like to become a Police Officer. Trainees will learn how to march, participate in physical training, observe and participate in staged motor vehicle stops, and learn valuable leadership lessons. For those who missed the opportunity to participate this year, we will be offering the program annually, so monitor the Montvale Police Department Facebook page for information.

It's a Sign!

Have you been looking for new ways to advertise your local business around town? Well, it's a sign! The Borough of Montvale has just introduced a new sign sponsorship program for local businesses. For the relatively-modest cost of \$600, you can sponsor new "Welcome to Montvale" sign to be placed at one of the many highly-visible entrances to the Borough. This is a great opportunity to partner with the Borough, help beautify our community, and provide high-visibility advertising for your business. Additional details about the program, including the application form, are available on the Borough website, www.montvale.org, and can be requested directly from cmanhart@montvaleboro.org.

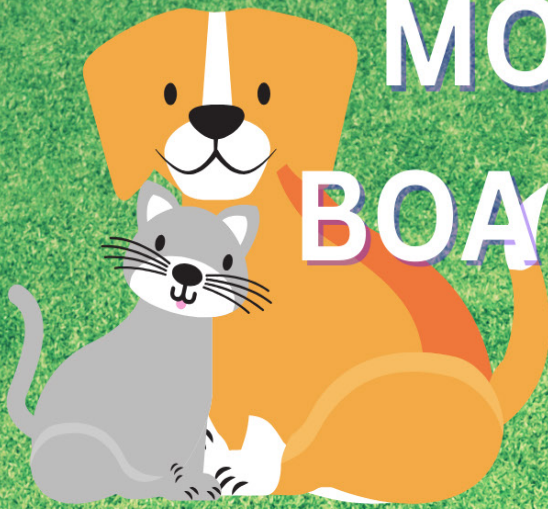

Building Department / Code Enforcement

Fall is approaching which means the leaves will start falling here in Montvale. To all residents including commercial properties owners: Ordinance 332.3 Unlawful Dumping and Depositing, which includes leaves placed within the streets. Please do not pile leaves on the streets of Montvale or fines could be issued. This is a safety issue for drivers and pedestrians. Piled leaves can also cause drainage problems during storms when placed within the streets. Your cooperation with this ordinance benefits the whole town.

Author Visit- Maria Fitzgerald, Author of *Turtles of the Midnight Moon*

Saturday, October 14th at 12:00 pm

The Montvale Library Children's Room is holding a special event on Saturday, October 14th at 12:00 pm. Maria Jose Fitzgerald will be visiting the library and sharing her debut novel, *Turtles of the Midnight Moon*. The story is "A heart pounding mystery with a hint of magic," according to the publisher. It "explores the power of friendship, community, and compassion..." The characters, two twelve year old girls, one living in Honduras, and the other in New Jersey, find themselves thrown together in Honduras where they are initially aloof but eventually become friends and work together with environmentalists to protect turtle nests on the coast.

The author herself grew up in Honduras. Her knowledge of twelve year old girls, the culture and the natural world of the country is evident in the book. The chapters switch between the two girls and their individual stories—first Barana, in Honduras, is introduced, and the next chapter introduces Abby, in New Jersey. Both girls have families and compelling stories. Using the voice of each girl allows the writer to develop her characters more completely. Readers will enjoy this technique as they become "book friends" with both Barana and Abby. Join us for an afternoon of conversation and inspiration. Registration is required. Purchasing a copy of the book in advance is recommended. Children coming in with their own copy of the book can get it autographed.

MAD SCIENCE October 25th @ 4:30 pm

Who loves science and fun? Make sure to register for our Mad Science performance! This is a dynamic 45-minute, interactive program where a trained scientist conducts live, amazing experiments that demonstrate chemical reactions, forces, and more! Come join the fun. This is suited for all ages. Children under 5 must be with a grown-up. Registration is required for the class.
