August 30 ,2024

## **Borough of Montvale Bergen county**

Dear Residents/Businesses/Property owners:

This letter is to inform you that on or about **September 4th 2024**, American Asphalt & Trucking LLC will commence construction at the location listed below. The working hours for this project will be **Monday-Friday 7:00 AM to 5:00 PM**.

### **Location of work:**

- **Terkuile Road (from Summit Avenue to Hering Road)**

The first stage will primarily consist of concrete sidewalk replacement, curb work, some driveways, ADA ramps and Inlet repairs within the project limits. During this stage the road will remain open but be limited by lane closure at times so short delays should be expected. In and out traffic from and to driveways will not be available at the time work is being done in front of your property.

The second stage will consist of a complete mill and Pave of the street listed above. There will be limited access to your driveway during milling activities. No parking will be permitted during Milling and Paving activities. A second notice will be delivered prior to milling and paving operations.

Local traffic should expect delays during all phases of operations. Parking will be prohibited on streets previously mentioned, please be mindful of the **No Parking Signs**. Please prepare accordingly to avoid interference with access to your driveway. If any handicap accessible requirements are needed, please contact our office so we can be aware and accommodate your requests as best we can.

American Asphalt & Trucking LLC thanks you in advance for your patience, cooperation, and understanding during the construction period. Rest assured that we will do everything possible to minimize the impact of our activities on your neighborhood.

Best regards,

***Sheelem Camacho***

Assistant Project Manager
