## The Mayor's Corner

Our efforts to attract quality retailers and commercial tenants are in full gear. I previously reported that Pottery Barn, William Sonoma, Fleming's Steakhouse and about 20 more businesses are moving to Montvale, while we strive to also become a medical hub. These efforts are supported by all members of the Montvale Council, the Chamber of Commerce and the Economic Development Committee, as well as members of the public who have introduced us to potential tenants. I gave several tours of our town to prospective commercial tenants and businesses looking for a new home.

I also reported that we are in the process of purchasing the last farm available in town as part of our strategic land acquisition plan. The last property we purchased, 28 acres at 127 Summit Ave, is under consideration for purchase by Veolia to install two badly-needed water tanks to help service the town and improve existing

water pressure issues. The remainder of the property is likely to be set aside for trails and other passive recreational purposes.

Huff Pond and the brook stabilization work is finally done with over 500 trees planted to support the stabilization, and I hope you find time to visit it and sit and enjoy the park's serenity.

Mayor Mike Ghassali

I had several meetings with elected officials in New York State, including Chestnut Ridge Village and the Town of Ramapo to discuss mutual work benefiting our communities.

I look forward to seeing you around town, and as always, please feel free to contact me anytime if I can be of assistance.
