In speaking about Huff Pond, could it be possible that after dredging it, you find that the soil is contaminated, would that add to the cost? The engineer answered yes. Asked if the Mayor had spoken with Superintendent Gunderson in regards to community service hours for the volunteers of the snow angels program; suggested to have a contest about a Montvale song for the anniversary celebration; asked if the donation money will be used for the swim club property; wanted to know if the budget meetings are televised and if there are documents for the public to review; the clerk responded by saying that because the budget is a working document and is always changing, we cannot provide any documents at this time; mentioned about going to the League of Municipalities and having the attendees submit a report of the discussions and what was accomplished; asked if any of the classes are online, there are no online classes offered.
