Carolee Adams

At what fed funds rate would you consider changing your strategy? Councilmember Lane answered that it would be the bond rate higher than 5%. Where do you go for grants, for example the sewer system? Mayor Ghassali answered by saying the State has a portal that municipalities can use to see what grants are available. Who is lobbying for Montvale in Trenton? Councilmember Lane answered by saying the League of Municipalities represents the towns. Also, the MEL and the JIF which are public insurance funds, they are lobbying for us. Carolee asked who in Montvale is the conduit to all of those? Councilmember Lane answered it would be the borough administrator. Who determined what the average house value is? Councilmember Roche answered it is the Tax Assessor and it's based on the ratables. Carolee asked when will a another re-assessment be done? Mayor Ghassali answered the tax assessor will determine when. The administrator added that once the ratio dips below 80% that's when it will have to be looked at. We are still ok. Councilmember Lane added that if we were to re-assess right now the home values will be higher making your property taxes higher.

Dan Galeon

Thank you for all your efforts with the budget. Councilmember Lane, you mentioned the need to maintain debt service, there is multiple funding sources, notes, bonds etc. What is the governance around it? Councilmember Lane answered by saying we are subject to our auditors and our CFO who review it. It is about understanding what is getting retired and what your capacity is.
